

# ULTRACUT FILOU

## Compact universal cutter

The Ultracut Filou provides the full functionality of an ultrasonic cutter and convinces by the sophisticated ultrasonic cutting technology built in a compact machine. Round and square products in the baking tray or on a support will be cut in perfect quality by the plant. The individual piece sizes, segments and cutting speeds are freely adjustable via an intuitively operable touch panel.

The products can be easily inserted into the cutting area. Light grids secure the machine during the cutting process. The whole machine structure provides a maximum of hygiene and can be cleaned within a few minutes.

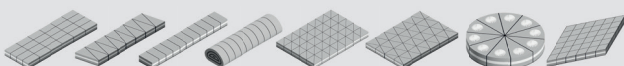

- Multi-functional ultrasonic cutter
- Compact machine design
- Cutting on the cutting support or in the baking tray
- Easy operation via touchscreen
- Easy and rapid cleaning of the machine
- Program-controlled knife cleaning with fresh water
- Integrated KnifeGuard blade guard
- Comprehensive cutting functions
- Light curtain as contact protection
- Comprehensive recipe management

### TECHNICAL DATA

Length	850 mm
Width	1100 mm
Height	1700 mm
Weight	about 350 kg
Item No.	75000032

### CUTTING FORMS

### ADDITIONAL MODULES

- Remote maintenance module

Baking tray sizes: Usual baking trays such as 200 x 600 mm and 400 x 600 mm. Round products: diameter of up to 300 mm. Other sizes upon request.
