

Product range HIGH PERFORMANCE

Type:	USQ 5000	item No 75000024	additional modules
Designation: Class:	Cross cutter Industry		<ul style="list-style-type: none"> • Extension by 2. conveyor belt • Retracting belt
Illustration: 			<ul style="list-style-type: none"> • Programme: Weight-optimized cutting • Other blades • Remote maintenance by Modem/LAN
Dimensions:	about L: 2600 mm W: 1290 mm H: 2510 mm The machine width is resulting of the customized requirements when installing it into a product range		
Weight:	about 1100 – 1800 kg		
Cutting forms:			
Equipment:	<ul style="list-style-type: none"> • Stainless steel frame with height-adjustable feet • Protective doors and safety covers made of transparent, food-grade plastic material • Positioning belt • Ultrasonic cutter head with synchronous cutting movements • 1 ultrasonic blade • Industrial control (e.g. Siemens) • Touch screen <p>The number of blades is depending on the production width.</p>
